## Good Report Comes From Groundhog

From all reports from Groundhog Basin, the men working at the mine there are getting close to their goal and the report that they have struck the big vein is expected at any time. Bert McKay was in from the mine last week and reported that the wall of the tunnel was changing and that they believed that they were within a few feet of the big ore body. Manager Galvin of the company is expected up from Seattle soon after the first.

## Notice Of Change Of Fire Chemical

Owing to the cold weather the Fire Chemical Extinguisher has been moved from Fire Station No. 1 and placed in the Wrangell Hotel where it can be found anytime.

Fire Chief, Carlson.

A good show at the Wrangell Photoshow tonight.

## Fire Department Hold Regular Meeting

The Wrangell Fire Department met in their regular monthly meeting last Monday evening at the City Hall. A good bunch of the fire boys were present to answer to the roll call. President Grant was in the chair. After the regular routine of business, a letter addressed to the fire boys of Wrangell, from our old member Wm. F. Schnabel, was read and a committee appointed to answer same.

## Juneau Brewery Man Calls In Wrangell

Mr. S. Zynda, proprietor of the Eagle Brewing Company, of Juneau Alaska, was in Wrangell for a few days the first of the week, preparatory to placing his beer on the local market. Mr. Zynda states that he will soon have a new grade of beer which he thinks will be the best he has brewed and predicts a good sale for the same.

## A. B. Hold Social Last Wed. Eve.

The Arctic Brotherhood gave a social to their members and their families after the meeting last Wednesday evening. The first of the evening was spent in playing whist at which Mrs. J. G. Grant and Miss Lynn Worden tied for first honors and on the cut of the cards Miss Lynn Worden won the prize. Mr. Leonard Campbell carried the honors for the Gentlemen. (Miss) Oscar Willett and Mr. Ernest Campbell received the consolation. After the cards lunch was served and then the party adjourned to the dance hall below where dancing was enjoyed for several hours.

Among the receptive candidates for the democratic nomination for delegate to congress from Alaska is George B. Grigsby, of Nome, who was formerly district attorney of the Second Division under a republican administration, but since has been an active supporter of Jeffersonian principles.

## An Interesting Letter On Library Subject

Dec. 8th 1915  
Editor, Wrangell Sentinel.  
Your paper last week contained an item, a suggestion in regard to making an effort to establish a City Library in Wrangell. This is surely desirable.

A public Library and reading room should certainly have a good influence and be of much benefit to the community.

It is a subject we have had very much at heart for several years, and we are glad to see an attempt made to get such a place opened.

The Civic Improvement Club, about a year ago, took up this subject and discussed it with interest, even going so far as appointing a committee to ascertain the cost of a room if one could be rented. The City Hall was then occupied by the high school and it seemed inadvisable that it should be open to the use of the public, even out of school hours, if we could obtain it. It was lack of funds to carry on the work that caused us to give up the idea of attempting it.

The Christian Women's Temperance Union also considered the matter, but neither did they feel strong enough to undertake it.

The fact that the subject of opening a library and reading room has been discussed in this way shows that many persons are interested in it, and will be glad to have it take shape and to see the enterprise carried out; which it may be if the interest becomes general and all are willing to "Lend A Hand."

Ella Lee Woods.

As many of the enactments of the Alaska legislature are being turned down for the reason that the legislators assumed to themselves more powers than they were clothed with by the enabling act, the courts of the territory and their officials will soon be inclined, however much against their will, to disregard the session laws and accept their only guide the old Alaskan code.—Fairbanks Times.

Hugo Beyer, a Nome pioneer, who is wintering in Seattle, has just received a letter from the North giving the information that about 200 more persons are wintering in Nome than usual.

## Notice

Notice is hereby given that hereafter all children, not accompanied by parents or guardian, under the age of sixteen years, are forbidden to be on the public street of Wrangell after the hour of nine o'clock P. M. The firebell will be tolled as a signal at that hour.

By order of the Common Council of the town of Wrangell, Alaska.

Paul F. Stanhope, Town Clerk, December 2, 1915.

## Wrangell Now Has A Town Marshal

Wrangell now has regularly appointed town marshal. Earl West having been appointed last night and is now on the job. Mr. West was the choice of the majority of the business houses of Wrangell and it is believed that he will make a reliable and trustworthy officer.

## Itow To Hang On February 18

Unless the president of the United States intervenes, or the supreme court orders a review of the case, O. Itow will be hanged in Juneau on Friday, February 18, by the United States Marshal, for the murder of Frank Dunn, at Dundas Bay cannery in July, 1912.

## Anchorage Advance Time One Hour

In order to make the clocks of Anchorage coincide more nearly with the solar day, time was advanced an hour by order of the Alaska Engineering commission. The difference in time between Anchorage and Seattle is three hours.

A five thousand pound shipment of mail was started down the Yukon river for Fairbanks last in the season and was frozen out at Circle City. It is parcel post and second class mail and the carrier between Circle and Fairbanks will be required to carry it until the big shipment is all been cleaned up.

**Mexican Trying To  
Gain His Liberty**

Wrangellites are watching with interest the outcome of the legal battle being waged at Juneau in an effort to get Antonio Hernandez released from the federal jail by a writ of habeas corpus on the ground that the commitment was not regular. Hernandez is the Mexican arrested here on the charge of concealing the Mexican who stabbed Fire Chief Carlson, when wanted by the federal authorities here. It is the feeling here that the man certainly is guilty and is not deserving of his freedom.

**Public Library For  
Wrangell Soon?**

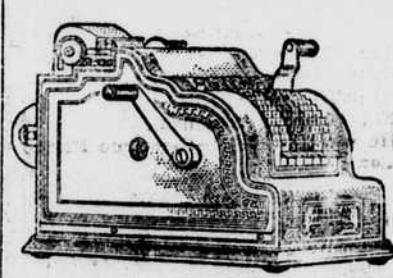

The matter of a public library for Wrangell which we announced last week has met with very good success and many of the prominent businessmen of the city and others have reported that they are heartily in favor of the plan. We are publishing this week a communication from Miss Woods on the subject and several others have promised to tell us their opinion of the idea.

New Type of Cat Fender.  
J. R. Maguire of Philadelphia has  
patented a street car fender which he  
claims will be efficacious under any  
and all conditions. As described by  
him, the device is a combination of the  
"dropping lever" and the projecting  
type fender. A movable bar, hinging  
from the front of the fender and ex-  
tending out several inches, is forced  
back when any object strikes it, and  
by means of a chain thus pulled on a  
lever the fender proper drops flush  
with the track. The motorman may  
also operate the device from his place  
in the car.

Left Handed Tact.  
A poor attempt at tact is worse than  
none at all. In a banking house the  
other day somebody (just back from  
several years on the other side of the  
Atlantic) tried to throw a compliment  
at an old fellow, saying to him, "Why,  
you don't look a day older than ten  
years ago; indeed, you don't look sixty-  
five." The old fellow was mad  
enough to blow up, for he is only sixty-  
four and half, and he believes he  
doesn't look more than fifty. — New

Out of the Mouths of Babes.  
Thomas W. Lawson, condemning  
crooked business, said to a Boston re-  
porter:

"A boy was caught in a lie by the  
head bookkeeper the other day.

"My son," said the bookkeeper sol-  
emnly, "do you know what becomes of  
boys who deceive and prevaricate?"

"The youngster looked at the shabby  
old bookkeeper, sneered and answered:  
"Of course I do. The boss lifts 'em

class, makes 'em department heads  
and takes 'em into the firm before

### Potash From Kelp Has A Big Sale

A year's output of potash from the kelp of Puget sound would bring \$6,000,000 at present war time prices, according to Professor George B. Rigg, of the botany department, University of Washington. Dr. Rigg surveyed the present status of the kelp industry in a popular science lecture on the campus Wednesday.

Kelp is abundant and easily accessible in the sound, he said, and three factories might be kept busy every working day of the year, each producing 5,000 tons of muriate of potash yearly. Each would consume 500 tons of the seaweed daily. Ordinarily the year's production of 15,000 tons of potash on the sound would be worth \$600,000, the average price being about \$40 a ton. At present it brings about \$400 a ton.

Fifty thousand tons of kelp could be harvested yearly along the Pacific coast, Dr. Rigg asserted.

The beds lie from Mexico to Alaska, but are of course not all commercially accessible.
